BRIGHTEN contains a powerful combination of brightening agents with antioxidant protection. Applied daily, these effective pads improve the appearance of uneven skin tone and texture on the face and body. Single-use pads make it super easy to use on-the-go!

BRIGHTEN

KEY INGREDIENTS / BENEFITS:

Contains enzyme-activated Arbutin for enhanced brightening

Also contains penetration-boosting Salicylic acid

Fortified with Kojic and Ascorbic acids for anti-oxidant benefits

Compounded freshly upon dispensing for optimal potency

PRODUCT USAGE: Smooth pad over skin twice daily after cleansing. Allow to dry several minutes following application. Use once or twice daily. AM or PM.

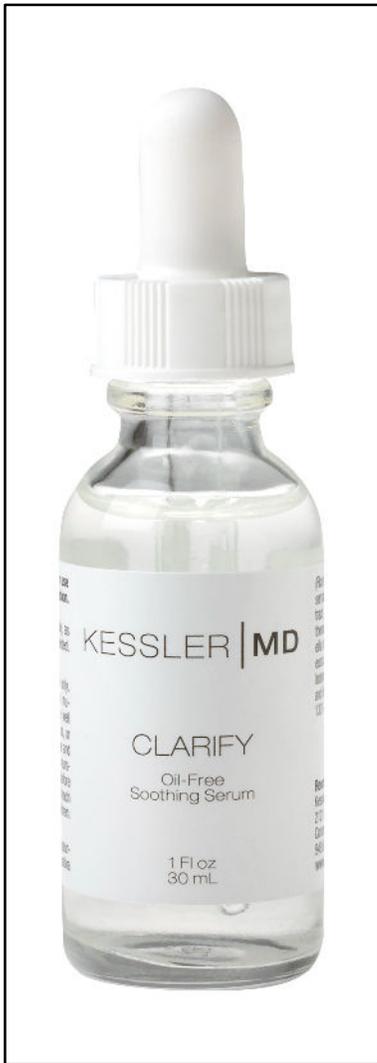

ACTIVES: Arbutase, Salicylic acid, Kojic acid, Ascorbic acid and Green Tea.

FACE & BODY SKIN TYPE:

Combination skin	Dark spots
Oily skin	Discoloration/PIH
Normal skin	Photo-damage

TALKING POINTS: Single-use pads are for the appearance of uneven skin tone and texture. Excellent for applying to broad areas of the body.

CLARIFY is a moisture boost for oily or combination skin! The elegant light-weight gel is formulated with hyaluronic acid, a bacteria-busting peptide and Vitamin B5 lightly moisturize, plump and improve overall skin quality.

CLARIFY

KEY INGREDIENTS / BENEFITS:

A light-weight, Hyaluronic acid-based hydrating gel designed for oily/combination skin

Contains Oligopeptide-10 and Niacinamide for enhanced clarifying actions

Fortified with Vitamin B5, Boswallia and soothing Green Tea extracts

100% oil-free, fragrance-free, dye-free and non-comedogenic

PRODUCT USAGE: Apply as needed to hydrate skin. AM OR PM.

ACTIVES: Hyaluronic acid, Peptides, Panthenol, Niacinamide, Boswallia and Green Tea extracts.

SKIN TYPE:

Combination skin	Flaky skin
Normal skin	Prone to breakouts
Oily skin	Maskne

TALKING POINTS: A moisture boost that leaves skin feeling silky, smooth and hydrated. Formulated specifically for oily or combination skin.

KESSLER | MD

Acne-prone skin doesn't stand a chance with this powerful, medicated foamy cleanser. **CLEAR** leaves skin feeling squeaky clean and free of dirt and oil. Formulated with 2% Salicylic acid plus Glycolic acid for a deep clean that helps to clear and prevent further breakouts.

CLEAR

KEY INGREDIENTS / BENEFITS:

Contains Salicylic acid combined with Glycolic acid and anti-bacterial agents

Helps remove excess surface dirt, makeup and lipids without over-drying

Formulated with Melaleuca alternifolia (tea tree) leaf oil and Lavandula angustifolia (lavender) oil

Petrolatum-free, Propylene glycol-free and paraben-free

PRODUCT USAGE: Apply foam to palm and gently massage over face. Rinse with warm water. AM & PM

ACTIVES: 3% Salicylic acid, 3% Glycolic acid, Melaleuca alternifolia (tea tree) and Lavandula angustifolia (lavender) oil.

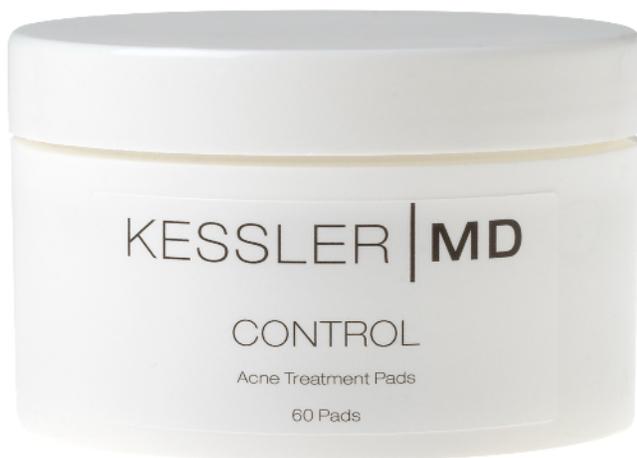

SKIN TYPE:

Combination skin	Active acne
Normal skin	Blemish-prone
Dry skin	Maskne

TALKING POINTS: Medicated foamy cleanser removes excess oil, dirt and makeup leaving skin feeling squeaky-clean.

KESSLER | MD

CONTROL is a gentle exfoliating toner to start and end the day! The unique formula contains clarifying acids plus peptides that keep skin clear, bright and smooth. Excellent for larger areas of the body prone to breakouts.

CONTROL

KEY INGREDIENTS / BENEFITS:

Gentle exfoliating pad that both treats and cleanses the skin

Helps to degrease skin, absorb dirt and excess oil or makeup while leaving a layer of actives

Easy-to-apply pad facilitates uniform application to broad skin surfaces prone to breakouts i.e., back or chest

PRODUCT USAGE: Use 1-2 times daily or as directed. Allow to dry several minutes following application or before applying additional products. AM or PM.

ACTIVES: Oligopeptide-10, Nicotinyl trichloroacetamide and Salicylic acid.

FACE & BODY SKIN TYPE:

Combination skin	Blemish-prone
Oily skin	Active acne lesions
Reactive skin	PIH

TALKING POINTS: Daily toner pad that clarifies and gently exfoliates skin. Best for young adults with mild blemishes and enlarged pores.

KESSLER | MD

EXFOLIATE is a moisturizing face and body exfoliator that leaves skin feeling fresh and soft with an unmistakable glow. The formula contains micro-exfoliators to help gently polish the skin with Lactic acid and soothing ingredients Green Tea and Allantoin.

EXFOLIATE

KEY INGREDIENTS / BENEFITS:

Contains eco-safe silica beads to micro-exfoliate while gently cleansing skin

Creamy moisturizing formula contains hydrating Sodium lactate, Petrolatum and Sodium PCA

Serves as a hydrating masque when left on skin 3-5 minutes

Fragrance-free, Propylene glycol-free, Paraben-free and reef-safe.

PRODUCT USAGE: Use 1-2 times weekly. Apply to damp skin, massage in a circular motion and rinse.

ACTIVES: Sodium lactate, Petrolatum, Sodium PCA with eco-safe silica beads.

SKIN TYPE:

Combination skin	Oily skin
Normal skin	Uneven texture
Dry skin	Photo-damage

TALKING POINTS: Eco-safe silica beads micro-exfoliate and hydrate while gently cleansing. Improves appearance of dry, flakey skin.

GENTLE CLEANSE leaves skin feeling clean and smooth without over-drying the skin's natural barrier. This gentle foaming cleanser removes excess dirt, oil and lipids leaving a healthy glow behind. It's perfect for all skin types and ideal for sensitive or post-procedure skin.

GENTLE CLEANSE

KEY INGREDIENTS / BENEFITS:

Extra-gentle foaming cleanser for redness-prone and sensitive skin

Contains Evodiox, a powerful redness-reducing agent derived from the Chinese Evodia rutaecarpa plant

Helps remove excess surface lipids without over-drying skin

Petrolatum-free and Propylene glycol-free

PRODUCT USAGE: Apply foam to palm and gently massage over face. Rinse with warm water. AM & PM

ACTIVES: Sodium cocosulfate, Disodium laurylsulfosuccinate, Evodia rutaecarpa fruit extract and Ginger root extract.

SKIN TYPE:

Combination skin	Sensitive skin
Normal skin	Redness-prone
Dry skin	Post-treatment

TALKING POINTS: An extra-gentle foaming cleanser formulated for sensitive skin. Gently removes dirt, oil and makeup without over-drying skin.

GLOW brightens dull skin! So, whether you're the low maintenance type or looking to bump up your skin care regimen, this cleanser is sure to leave your skin bright and clear. Contains Glycolic acid for enhanced exfoliation.

GLOW GLYCOLIC CLEANSER

KEY INGREDIENTS / BENEFITS:

Contains Glycolic acid for enhanced exfoliation

A unique formula that is partially neutralized to pH 4.5 using an amino acid, Arginine, which 'complexes' with the acid and causes it to be released more slowly than it would be in its 'free acid' form. This reduces potential irritation

Also contains soothing Green Tea extract. Green Tea is a mixture of xanthine compounds (e.g., caffeine) and antioxidant (free radical scavenging) polyphenols

Petrolatum-free, Propylene glycol-free and Paraben-free

PRODUCT USAGE: Wet skin, apply and gently massage into a rich lather. Rinse with warm water. AM or PM.

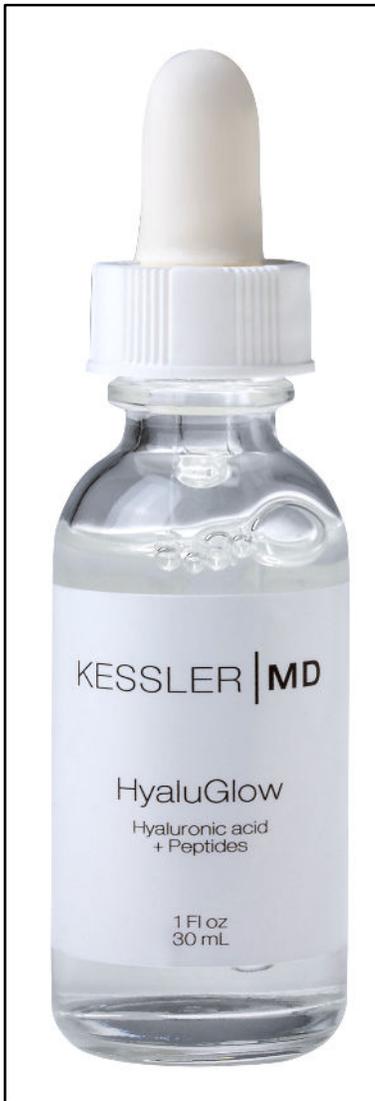

ACTIVES: 10% Glycolic acid, Green Tea Extract, Lavender Oil and Arginine.

SKIN TYPE:

Combination skin Photo-damage
Normal skin Uneven skin texture
Oily skin

TALKING POINTS: Glycolic acid gel cleanser that exfoliates and refines. Helps remove dirt and excess lipids without over-drying the skin.

HYLAGLOW is an elegant and light-weight gel formulated with a combination of hyaluronic acid, peptides and Vitamin B5. This exquisite serum leaves skin plump and dewy fresh while improving the overall quality of your skin.

HYLAGLOW

KEY INGREDIENTS / BENEFITS:

A hydrating Hyaluronic acid-based gel appropriate for use under make-up, sunscreen or moisturizer

Contains Collagen-boosting peptides; Palmitoyl oligopeptide, Palmitoyl tetrapeptide-3 & Caprooyl tetrapeptide-3 to improve appearance of fine lines and wrinkles

Fortified with Niacinamide, Green Tea Extract and soothing Vitamin B5 (panthenol)

Water-based vehicle is 100% oil-free and non-comedogenic

PRODUCT USAGE: Apply as needed to hydrate skin. Can use to boost favorite moisturizer. AM & PM

ACTIVES: Hyaluronic acid, collagen-boosting Peptides, Niacinamide and Panthenol.

SKIN TYPE:

Combination skin	Photo-damage
Normal skin	Uneven skin tone
Dry skin	Uneven skin texture

TALKING POINTS: A moisture boost that leaves skin feeling silky and smooth. Excellent used alone for hydration or to enhance traditional moisturizers.

NOURISH is formulated with non-acidic, emollient esters of Vitamins C & E, along with soothing Green Tea extract. This antioxidant cleanser is perfect for all skin types, including sensitive or post-procedure skin.

NOURISH

KEY INGREDIENTS / BENEFITS:

Gentle surfactants remove surface dirt and oil, leaving skin bright without over-drying

Contains Tetrahexyldecyl ascorbate, an advanced ester that bio-converts into L-ascorbic acid in the skin

Also contains soothing Green Tea Extract. Green Tea is a mixture of xanthine compounds (e.g., caffeine) and anti-oxidant (free radical scavenging) polyphenols

100% Petrolatum-free, Propylene glycol-free and paraben-free

PRODUCT USAGE: Wet skin, apply and gently massage into a rich lather. Rinse with warm water. AM or PM.

ACTIVES: Tetrahexyldecyl ascorbate, Green Tea Extract, Lactic acid
Tocopherol acetate.

SKIN TYPE:

Combination skin	Dry skin
Normal skin	Redness-prone
Oily skin	Sensitive skin

TALKING POINTS: Refreshing anti-oxidant gel cleanser transforms into a rich lather to remove surface lipids, dirt and make-up without over-drying skin.

POWER C contains a scientifically proven powerful combination of antioxidants including Vitamin C which brightens and helps to enhance retinoid effectiveness, is a cofactor in collagen synthesis and smooths the texture of the skin.

POWER C

KEY INGREDIENTS / BENEFITS:

High-potency combinations of antioxidants Vitamin C and E combined with Lactic acid

Contains Tetrahexyldecyl ascorbate, an advanced ester that bio-converts into L-ascorbic acid in the skin

Also contains Ferulic acid ester enhancing Vitamins C and E activity

Fragrance-free and Paraben-free

PRODUCT USAGE: Apply in the morning, or as directed. For best results, alternate with a Retinol.

ACTIVES: Tetrahexyldecyl ascorbate, Lactic acid, Tocopherol acetate and Ferulic acid ester.

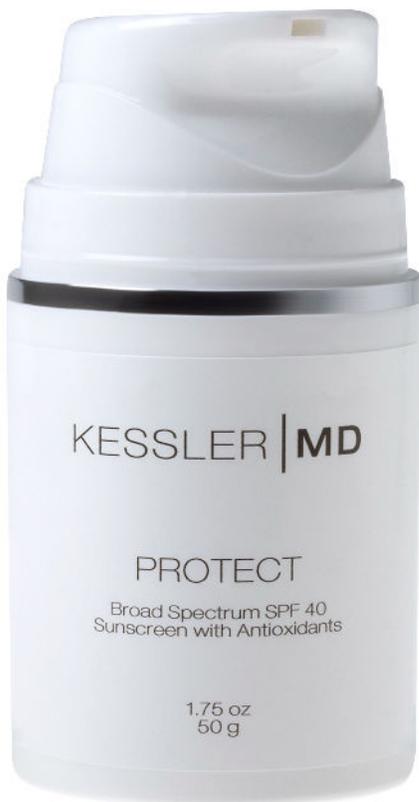

SKIN TYPE:

Combination skin	Dry skin
Oily skin	Uneven skin tone
Normal skin	

TALKING POINTS: Brightens uneven skin tone and smooths the texture of the skin. It helps to enhance retinoid effectiveness and penetration.

KESSLER | MD

The first line of defense is always applying sunscreen, rain or shine!
PROTECT SPF 40 is a physical, broad-spectrum, chemical-free sunscreen for routine UVA/UVB exposure. Enhanced with antioxidants, the formulation offers protection in a mattifying foundation-like coverage and is best for normal to oily skin types.

PROTECT

KEY INGREDIENTS / BENEFITS:

Contains only Zinc Oxide in an elegant, anhydrous silicone elastomer gel

Contains anti-oxidant micro-encapsulated Melanin, Vitamins C, E and Ferulic acid ester

Leaves a non-shiny, non-sticky mattifying film on the skin surface

Ideal daily facial photoprotection for patients with combination-to-oily complexions

PRODUCT USAGE: Apply liberally 15 minutes before sun exposure. Reapply every 2 hours. Not for children under 6.

ACTIVES: 14% Zinc oxide, Iron Oxides CE Ferulic and Argan

SKIN TYPE:

Oily Skin	Photodamaged skin
Combination skin	Uneven skin texture
Post treatment	

TALKING POINTS: Physical sunscreen with Zinc oxide provides full spectrum daily sun protection. Leaves a mattifying finish to skin.

QUENCH is formulated with hyaluronic acid and barrier-enhancing ceramides to lock in moisture. Skin remains five times as hydrated even after 24 hours! The light-textured emulsion hydrates dry and sensitive skin types. The clean formula is unscented and free of parabens.

QUENCH

KEY INGREDIENTS / BENEFITS:

Sodium Hyaluronate Crosspolymer has 50 times the water binding capacity of Hyaluronic acid & 5 times more moisturization after 24 hours

Advanced barrier enhancing complex contains 5 natural ceramides and 2 ceramide pre-cursors

Elegant light-textured emulsion

Fragrance-free, Paraben-free and Propylene glycol-free

PRODUCT USAGE: Apply to dry skin daily, or as directed. AM OR PM.

ACTIVES: Sodium Hyaluronate Crosspolymer, Squalane, Cholesterol, Fatty acids and Ceramides.

SKIN TYPE:

Normal Skin
Dry skin
Flaky skin

Sensitive skin
Uneven skin texture

TALKING POINTS: Elegant cream that locks in moisture while enhancing the skin's natural barrier to help it function optimally.

Our all-in-one skin retexturizing crème, **RADIANT GF**, is sure to deliver results with a unique blend of plant-based growth factor, exfoliators, retinoids, and antioxidants—plus it comes with a trial size of REPLENISH GF, an amazing nightly addition to your skin care routine.

RADIANT GF

KEY INGREDIENTS / BENEFITS:

The keratolytic power of Nicotinyl trichloroacetamide combined with a gentle retinoid, broad spectrum anti-oxidants & brighteners

Brightens and smooths skin texture while improving the appearance of fine lines & wrinkles

Contains Hydroxypinacolone retinoate, an advanced retinoic acid ester that provides retinoid benefits with less irritation

Robust anti-oxidant benefits provided by Vitamin C + E + Ferulic acid ester

Contains plant-derived Growth Factor Kinetin (N6-furfuryladenine)

PRODUCT USAGE: Apply every other night. For best results, alternate with a product that contains Vitamin C. Best used PM.

ACTIVES: 1% Nicotinyl trichloroacetamide, 0.2% HPR Retinoid, & 0.1% Kinetin.

SKIN TYPE:

Combination skin	Photo-damage
Normal skin	Uneven skin tone
Dry skin	Uneven skin texture

TALKING POINTS: Retinol, anti-oxidants, resurfacing agent and plant-based growth factor helps to decrease appearance of fine lines, wrinkles, uneven skin tone or texture.
